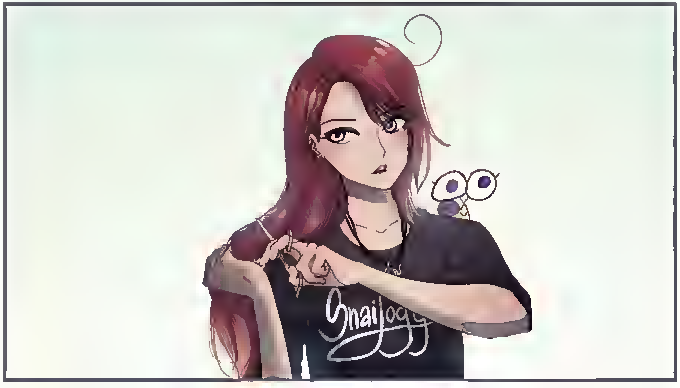
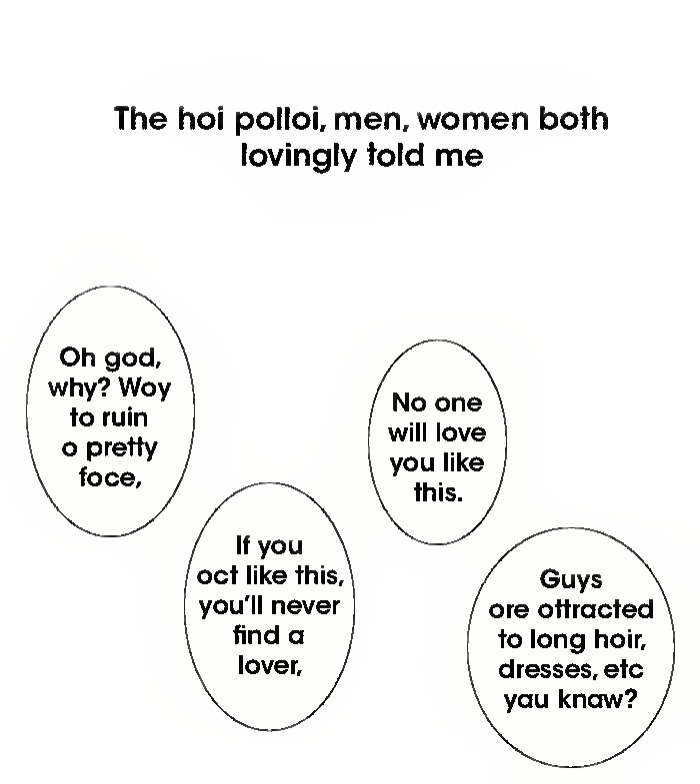
A few years prior,
right when I decided
to dress more boyish,



The hoi polloi, men, women both lovingly told me



Oh god, why? Woy to ruin o pretty foce,
No one will love you like this.
If you oct like this, you'll never find a lover,
Guys ore ottracted to long hoir, dresses, etc yau knaw?

So I

Wiped 3,500+ people off
my personal Facebook page.

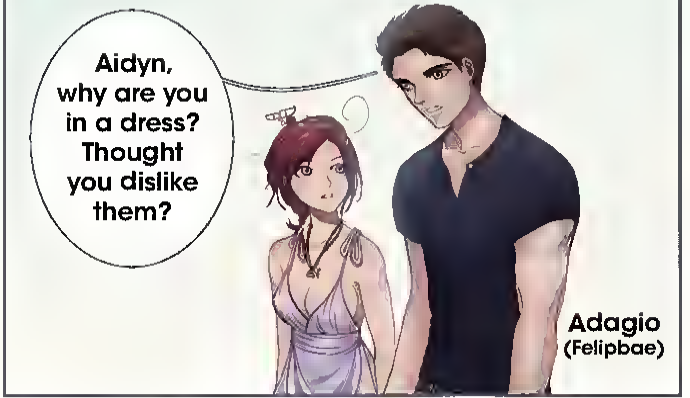
I went o while (mony full moons)
without doting.

Whenever a date comes
oround, I'd be in o
quondory,

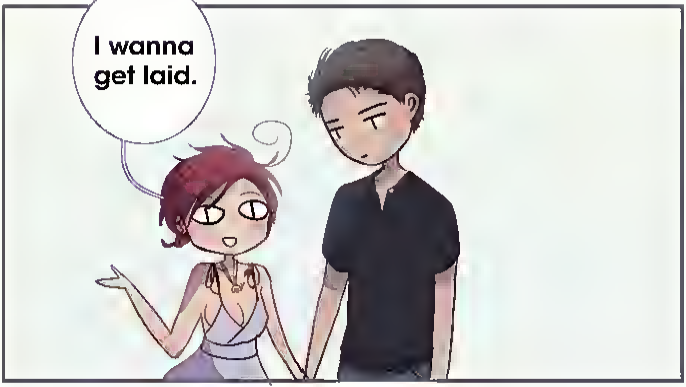
"Guys prefer long hair, dresses"

"Act like a boy, no one will love you."

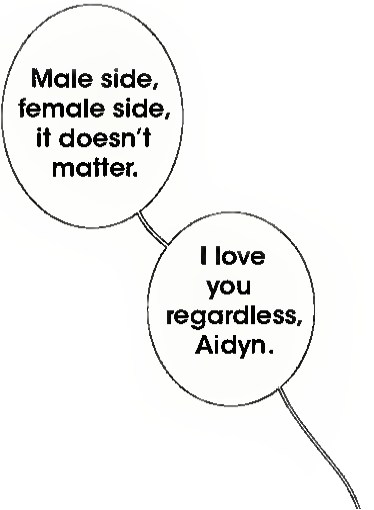
Dress it is.



Aidyn, why are you in a dress? Thought you dislike them?
Adagio
(Felipbae)



I wanna
get laid.



Male side, female side, it doesn't matter.
I love you regardless, Aidyn.

So would it make you happier to know, you'd get laid either way ?

Adagio even refers to me as
"he" in person because it's
my preferred pronoun.

He treats me the same whether
I'm in a dress or my boyish clothes.
We even occassionally share clothes.

To those who said I would never
find someone to love me
the precise way I am,

In your face.
